

MEMORANDUM FOR: Mr. Clarke

Here are some thoughts on [REDACTED] suggestions for institutional studies. We have discussed the problem internally in SR/PA and with Mr. [REDACTED] but this is not a formally coordinated paper.

Two major points:

1. We have scheduled this sort of work, but it tends to get done only after the current priorities are met. Results are slow in coming.
2. We are not hostile to [REDACTED] approach, just a bit skeptical that the returns at the margin are as good here as in other areas.
